

ESRAA EMAD ALDAMEN

MOBILE APPLICATION DEVELOPER | FLUTTER

0780379885 | esra.aldamen94@gmail.com | Amman, Jordan | [LinkedIn](#) | [GitHub](#)

SUMMARY

Results-driven and passionate Mobile Application Developer with four months of intensive training at AppTrainers company, specializing in Flutter-based development. Experienced in creating functional and user-friendly mobile applications through real-world projects and hands-on practice. I have demonstrated the ability to build responsive user interfaces (UIs), effectively manage state, and integrate both local and cloud-based data solutions.

My skills are proven by the successful delivery of two simple applications: a Weather App and a Notes App, both hosted on GitHub. While I am capable of developing for iOS platforms. I am committed to continuous learning, performance optimization, and applying clean code principles to deliver impactful mobile experiences.

WORK EXPERIENCE

Flutter Developer Intern | [AppTrainers](#)

Dec 2024 - Present

- Developed two mobile applications using Flutter, with a focus on creating interactive user interfaces and managing application state using Provider and Cubit.
- Currently working on a third app that displays a food menu, enables order placement, and manages delivery. Collaborating with the backend team on API integration and ensuring smooth quality assurance processes.
- Serving as the Scrum Master for the team, utilizing Jira to assign track tasks, and addressing any blockers by collaborating with team members and management to find solutions.
- Optimized app performance for both iOS and Android platforms, concentrating on achieving fast and responsive applications while maintaining clean and efficient code.
- Gained hands-on experience with SQLite for local storage, secure storage, and Shared Preferences for saving user settings.

EDUCATION

Bachelor's degree in communication and software engineering |
Al-Balqa Applied University

2012-2017

SKILLS

- **Mobile Development**
 - Flutter, Dart, Android Studio, VS Code, Firebase (Auth, Firestore, Storage).
 - Building mobile apps with interactive screens, real-time data, and user authentication.
 - SQLite, basic knowledge of using local databases to store and retrieve offline data, such as user history.
 - REST APIs, handling HTTP requests (GET, POST, PUT, DELETE) and JSON response.
- **UI/UX Design**
 - Designing responsive layouts that adapt to various screen sizes.
 - Creating clean, user-friendly interfaces using Flutter's layout tools and custom widgets.
 - Supporting localization using .arb files and the intl package for multi-language support.
- **Tools & Collaboration**
 - Using Git & GitHub for version control and team collaboration.
 - Testing APIs and server responses with Postman before integration.
 - Overseeing task management, bug tracking, and project progress using Jira.
 - Applying Agile/Scrum methodology to deliver features in iterative sprints.
- **State Management**
 - Managing app state and UI updates using Provider and Bloc/Cubit based on user interactions and data flow.
- **Cross-Platform Development**
 - Building mobile apps for both Android and iOS using Flutter's cross-platform framework.
- **Teamwork**
 - Collaborates effectively with teammates by dividing tasks, sharing ideas, and holding regular meetings to resolve any issues.
- **Motivated Learner**
 - When encountering challenges or seeking to improve the app, I look for solutions and tutorials on platforms like YouTube and Udemy and then apply what I have learned effectively.
- **Supportive Organizer**
 - Proactively organizes daily stand-up meetings - on-site or via Zoom - to monitor team progress, confirm task completion, and report blockers to the project management team.
- **Organized**
 - Effectively manage my time to meet sprint deadlines and contribute to the team's workflow.

CERTIFICATION

- ASP.NET Course | Pioneers Academy| Amman 2019 Mar 2019 – Jul 2019
- CCNA Routing & Switching Certification| Cisco Networking Academy| University of Jordan| Amman Mar 2019 – Jul 2019

LANGUAGES

- Arabic: Native
- English: Very good in writing, good in speaking
